

Set of Twelve 'Latjes' Chairs  
Ruud-Jan Kokke  
1980

Black stained oak.  
Dated from 1984, the Latjes Chair was Ruud-Jan Kokke's first design made for production. Kokke uses construction techniques that give his design greatly pared-down forms, extreme lightness and elegance. At the same time, his pieces are light-weight and practical to use.

Ref. 7781

Produced by Metaform
