

Rare Ceiling Light with Daylight PH 4 shades.
Poul Henningsen
1930

Opal glass with partially blue tinted interiors, nickel plated metal.
Impressed 'PH-4' with patent number to shade mount.

Henningsen was known to greatly experiment with different shade colours for his PH lamps. One of these was a special 'daylight' shade, used in special circumstances when it was important to be able to distinguish between the colours.

Produced by Louis Poulsen

H.35cm/13.8" DIA.40cm/15.7"
